

# Multimedia and the Web

May 15, 2000

WWW9, Amsterdam

Lynda Hardman

Jacco van Ossenbruggen

# Motivation

(looking beyond SMIL Boston)

- Convergence and alternative access
  - Web, TV, Mobile access (WAP)
  - Accessibility (talking books)
- Need for standards integration
  - W3C's SMIL, SVG, XHTML, CSS, XSLT
  - ISO's MPEG(1, 2, 4, 7, 21), MHEG
  - Web3D's X3D, VRML
  - ...

# Objectives

- Explore open issues for web-based multimedia
- Gain insights into future directions
- Obtain a feel for the most fruitful directions
- Collect most important outcomes of the workshop into a report

# Agenda
