

Getting to CWI:

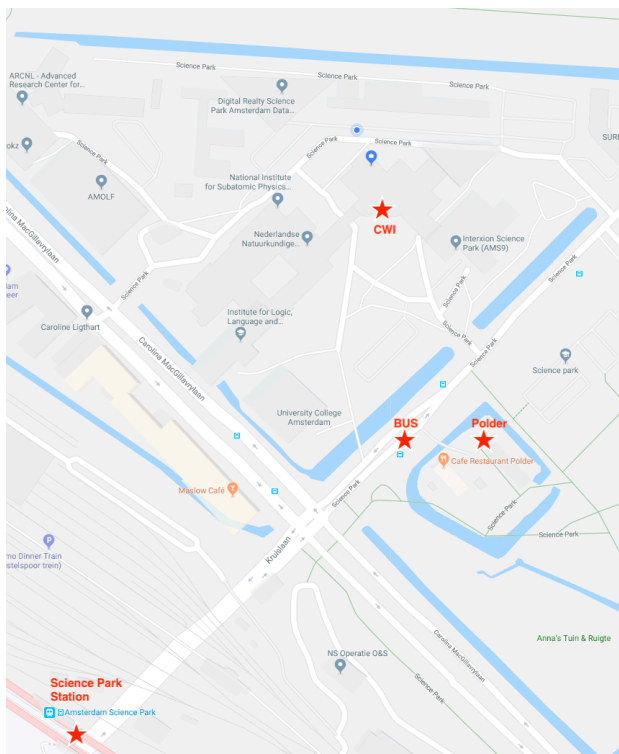

CWI is located in the Amsterdam Science Park, instructions on how to get there can be found here: <https://www.cwi.nl/about/contact>

Some tips: there is a train from Schiphol airport directly to Amsterdam Science Park station, however it does not show so on the information boards. The X.01, X.11, X.31 and X.41 trains from Schiphol Airport to Amsterdam Central Station (e.g 14:01h or 14:11h) will continue on to Science Park after a brief(-ish) stop at Central Station, no need to change trains. The polder Restaurant is right opposite the road from CWI, it is an old farm building (see attached maps)

For those staying at the hotel CASA 400, the hotel is very close to Amsterdam Amstel station, from where there are very regular busses to Amsterdam Science Park (the 40 and the 240). For those so inclined, it is also about a 30-minute walk all along the canal (Ringdijk), in easterly direction, away from the Amstel river.

Local area (Watergraafsmeer)
